Dispute Resolution

In the event of a dispute between the client and the platform, only the information directly provided by the trading platform will be considered. If the client has used third - party sources—such as currency quotes, analytics, or news posts—such data will not be taken into account in the resolution process.

If the parties are unable to resolve the dispute through negotiations or an amicable agreement, the dispute shall be referred to a court of competent jurisdiction. The matter may be resolved through an out-of-court settlement or legal proceedings. All legal costs associated with court proceedings shall be borne by the party that loses the case.

Risk Disclosure

The client fully acknowledges and assumes all risks associated with financial transactions. The client understands that any incorrect actions may result in the loss of financial assets, without the possibility of recovery.
